

K-LOVE serves me in Fort Collins, Co. as a parent to 2 teenage daughters. We have a great need for options on the FM radio dial for them to listen to their favorite recording artists. Our local church community will be with out a safe place for all ears to hear music, news and information if K-LOVE is not allowed to broadcast here. As a parent and Jr. High Sunday School teacher it is in the public interst to have options for all to listen to more than top 40 music, rap, or other MTV styles of music. We NEED K-LOVE to have listineing options and a Prayer Team to pray for our prayer requests daily. K-LOVE also gives my daughters a way to learn about charitable giving by supporting K-LOVE financially with donations.
